Top tips to get to sleep and sleep better

Keep regular sleep hours

Going to bed when you feel tired and getting up at roughly the same time helps teach your body to sleep better. Try to avoid napping where possible.

Confront sleeplessness

If you are lying awake unable to sleep, do not force it.

Get up and do something relaxing for a bit, and return to bed when you feel sleepier.

Create a restful environment

Dark, quiet and cool environments generally make it easier to fall asleep and stay asleep.
